

# Star Reader Game Board!

**Prize!**

**Directions:**

- Fill in the prize you are working toward (after agreeing with your parents) in the "Prize!" box.
- Agree with your parents how you can earn points.
- Write in the white box what you accomplished to earn those points!
- When you get to 100, you earn your prize!

**Star Student**  
**Name:** \_\_\_\_\_

## Star Reader Game: Details

### Purpose:

The purpose of this game is to help the student:

- (1) Stay motivated to read, read, read (which will also lead to increased academic success),
- (2) Be able to track your positive efforts, and
- (3) Have fun!

### Directions:

(1) Talk with your parents. If they agree to it, then fill in the prize you are working toward that your parents will award you with once you get to 100 points.

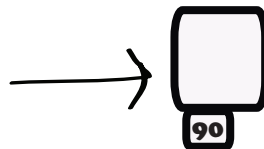

(2) Then, agree with your parents how you can earn your Star Reader points. **10**  
Read 10 pages? Finish a chapter? Complete a whole book?

You have the possibility to earn 10 points in each box along the way. Your parents will decide if you accomplished the goal to earn the points.

Note to Parents: Many students may also enjoy putting a sticker in the point boxes as they progress to mark off their steps.

(3) Fill in the white box by writing what you accomplished to earn those points! Earning the prize at the end is not the only success. By jotting down what you did to earn the points, you get a nice record of your hard work and will see how it leads to other good things as well.

- When you get to 100, you earn your prize!

**Have fun and happy reading!**
