

**? Questionnaire ?**

**Q** Are the standards of admission to this program far higher than to the university at large? If so, if I am not admitted to the program, might I still be admitted to the university?

**A**

---

---

---

---

---

---

---

---

**Q** If there is a minimum SAT score to be admitted, is it at all flexible? Must the score I submit be from a single testing?

**A**

---

---

---

---

---

---

---

---

**Q** Will you consider comparable ACT scores if they are better than my SAT? Do most of the admitted applicants actually score well above this minimum?

**A**

---

---

---

---

---

---

---

---

**Q** If admitted to the combined program, will I have to maintain a certain GPA (or meet other requirements) to stay in it?

**A**

---

---

---

---

---

---

---

---

**Q** If I meet these requirements, are there any further requirements to move from being an undergraduate medical student to a “real” medical student? Will I be required to take MCATs to stay in the medical program? If so, what is your cut-off score?

**A**

---

---

---

---

---

---

---

---

**Q** If I decide that I do not wish to remain in the program while still an undergraduate, is it fairly easy for me to stay in the university and pursue another major or course of study?

**A**

---

---

---

---

---

---

---

---

**Q** Is it an 8-year program or an accelerated one?

**A**

---

---

---

---

---

---

---

---

**Q** How do I apply to this program? Do you have a separate application, or do I indicate on the university application that I wish to apply to the combined program?

**A**

---

---

---

---

---

---

---

---

**Q** Is an interview required? If so, will ALL applicants be interviewed or just those who pass a preliminary level of screening?

**A**

---

---

---

---

---

---

---

---

**Q**

**A**

---

---

---

---

---
